Twig & Olive is a photography studio founded by husband-and-wife couple Doug and Courtney. They possess a unique blend of technical finesse, creativity, and a commitment to perfection while being passionate storytellers who pour their hearts and souls into every project. Their shared wanderlust has taken them to the far corners of the globe. From bustling cityscapes to serene landscapes, Doug and Courtney find inspiration in the diversity of cultures and the beauty of nature. Traveling isn't just a hobby; it's a wellspring of creativity that enriches their work, infusing it with a unique

perspective that sets Twig & Olive apart.

They are loving parents to four children who will always come first. Every family member enjoys traveling and having new worldly experiences, with many memories revolving around foods eaten in different places. When Doug is at home, he likes to spend time cooking and playing games with his kids.

Courtney, on the other hand, enjoys reading fantasy novels or being involved with her children's sports activities.

### WHAT TO KNOW ABOUT OUR NEWBORN SESSIONS

### NEWBORN SAFETY

Courtney is one of only a handful of newborn photographers in the country who is also a mother-baby medical professional. Having a licensed nurse for posed newborn photography ensures you're hiring someone who possesses a deep understanding of infant care and safety protocols. Her expertise in handling newborns guarantees a secure and comfortable environment during the photo session.

#### OUTDOOR SESSION

When the weather is warm, we simply love to have your session outdoors. Your baby is always kept safe and secure, and we use a beautiful palette of colors and textures. It really creates unique images you can't find elsewhere.

#### ALL MATERIALS

We have a deep appreciation for texture and adore beautiful, soft colors. Constantly searching across the country and beyond, we've curated the very finest materials to create exceptional setups for your growing family. Our designs are tailored for those who appreciate aged fabrics and favor earth tones with a hint of warmth. We always ensure meticulous care for materials that allow for beautiful and authentic skin tones on your baby.

#### SIBLINGS & MULTIPLES

For families with more than one child, we encourage baby's siblings to join in for some heartwarming shots. Whether you have twins, triplets, or more, our rates remain unchanged, ensuring inclusivity for all family sizes. Feel confident knowing that we have experience capturing the love and joy of multiples in our photography sessions.
