## About us

## STUDIO

Our studio is located in the beautiful Garver Feed Mill in downtown Madison, Wisconsin. Grab a slice of pizza from Ian's and a beverage and come visit us!

Twig & Olive is a photography studio founded by husband-and-wife couple Doug and Courtney. They possess a unique blend of technical finesse, creativity, and a commitment to perfection while being passionate storytellers who pour their hearts and souls into every project. Their shared wanderlust has taken them to the far corners of the globe. From bustling cityscapes to serene landscapes, Doug and Courtney find inspiration in the diversity of cultures and the beauty of nature. Traveling isn't just a hobby; it's a wellspring of creativity that enriches their work, infusing it with a unique perspective that sets Twig & Olive apart.

They are loving parents to four children who will always come first. Every family member enjoys traveling and having new worldly experiences, with many memories revolving around foods eaten in different places. When Doug is at home, he likes to spend time cooking and playing games with his kids. Courtney, on the other hand, enjoys reading fantasy novels or being involved with her children's sports activities.

OUR DETAILED APPROACH  
TO YOUR WEDDING

## BEFORE YOUR WEDDING

- Select your wedding package, pay the retainer, and sign the contract online.
- Planning guides will be emailed over several weeks to help with your engagement session, the wedding day timeline, finding more great vendors, and much more!
- Whether it's two years or two weeks before your wedding, the engagement session will help each of us get to know and trust the other.
- Six weeks before your wedding, you'll receive a thorough questionnaire to complete.
- One to two weeks before your wedding, we'll have a final consult together to go over all the details.

## DURING YOUR WEDDING

- We start photographing your wedding details and beginning a narrative of you getting ready for the day.
- If you choose to see each other before the ceremony, it's done quickly and privately.
- Your families and your wedding party are photographed with you either before or after the ceremony. Typically, this takes 20-30 minutes total.
- Photography is about the wedding (and not the other way around), so the best available shots of your ceremony and reception are taken to create a lasting story.
- Natural, unposed photographs of you together will be spread throughout the wedding day.

## AFTER YOUR WEDDING

- A preview photo will be posted to our social media and thank you images are available.
- We will completely edit, sort, and sequence to a perfect, curated narrative.
- Within 30 days, your wedding edit will be complete. In addition, there will be a digital and physical delivery of your entire wedding narrative.
- Instructions on how to complete your album will be emailed, and its design will begin when you submit your images to us.

# PHOTOGRAPHY: A PERFECT PACKAGE FOR EVERYONE

On the page to the right, you'll see three sections. To assemble your photography package, choose between the Core or Heirloom option. Both contain our Essential Services, comprise the same experiences before and during the wedding, and include a gorgeous wedding album.

The main difference between the Core and the Heirloom is that more product is delivered with the Heirloom option. For example, the Core Album is 9" x 9" and 10-pages, while the included Heirloom album is 9" x 12", leather-bound, handmade, and 40-pages. The Heirloom option also has more print products, and our travel for weddings in the US and Mexico is included.

The subsequent pages will help guide you in customizing your photography package to meet your goals. For example, you can add additional photographers, create a more unique engagement session, upgrade to a larger album, and more!

Whichever package you choose, know that we'll create an exceptional experience from when you contact us until the final product is delivered. Of course, we'd love to meet you both, so after viewing everything in this guide, let's set up a studio or online consult!

One of the differences between the Core and the Heirloom Collection is the album.

## CORE ALBUM

Our Core Album includes ten 5x7 lustre wedding prints, each hand-mounted on a separate page. The natural blend linen cover has a premium feel, and you have the option to upgrade additional pages.

## HEIRLOOM ALBUM

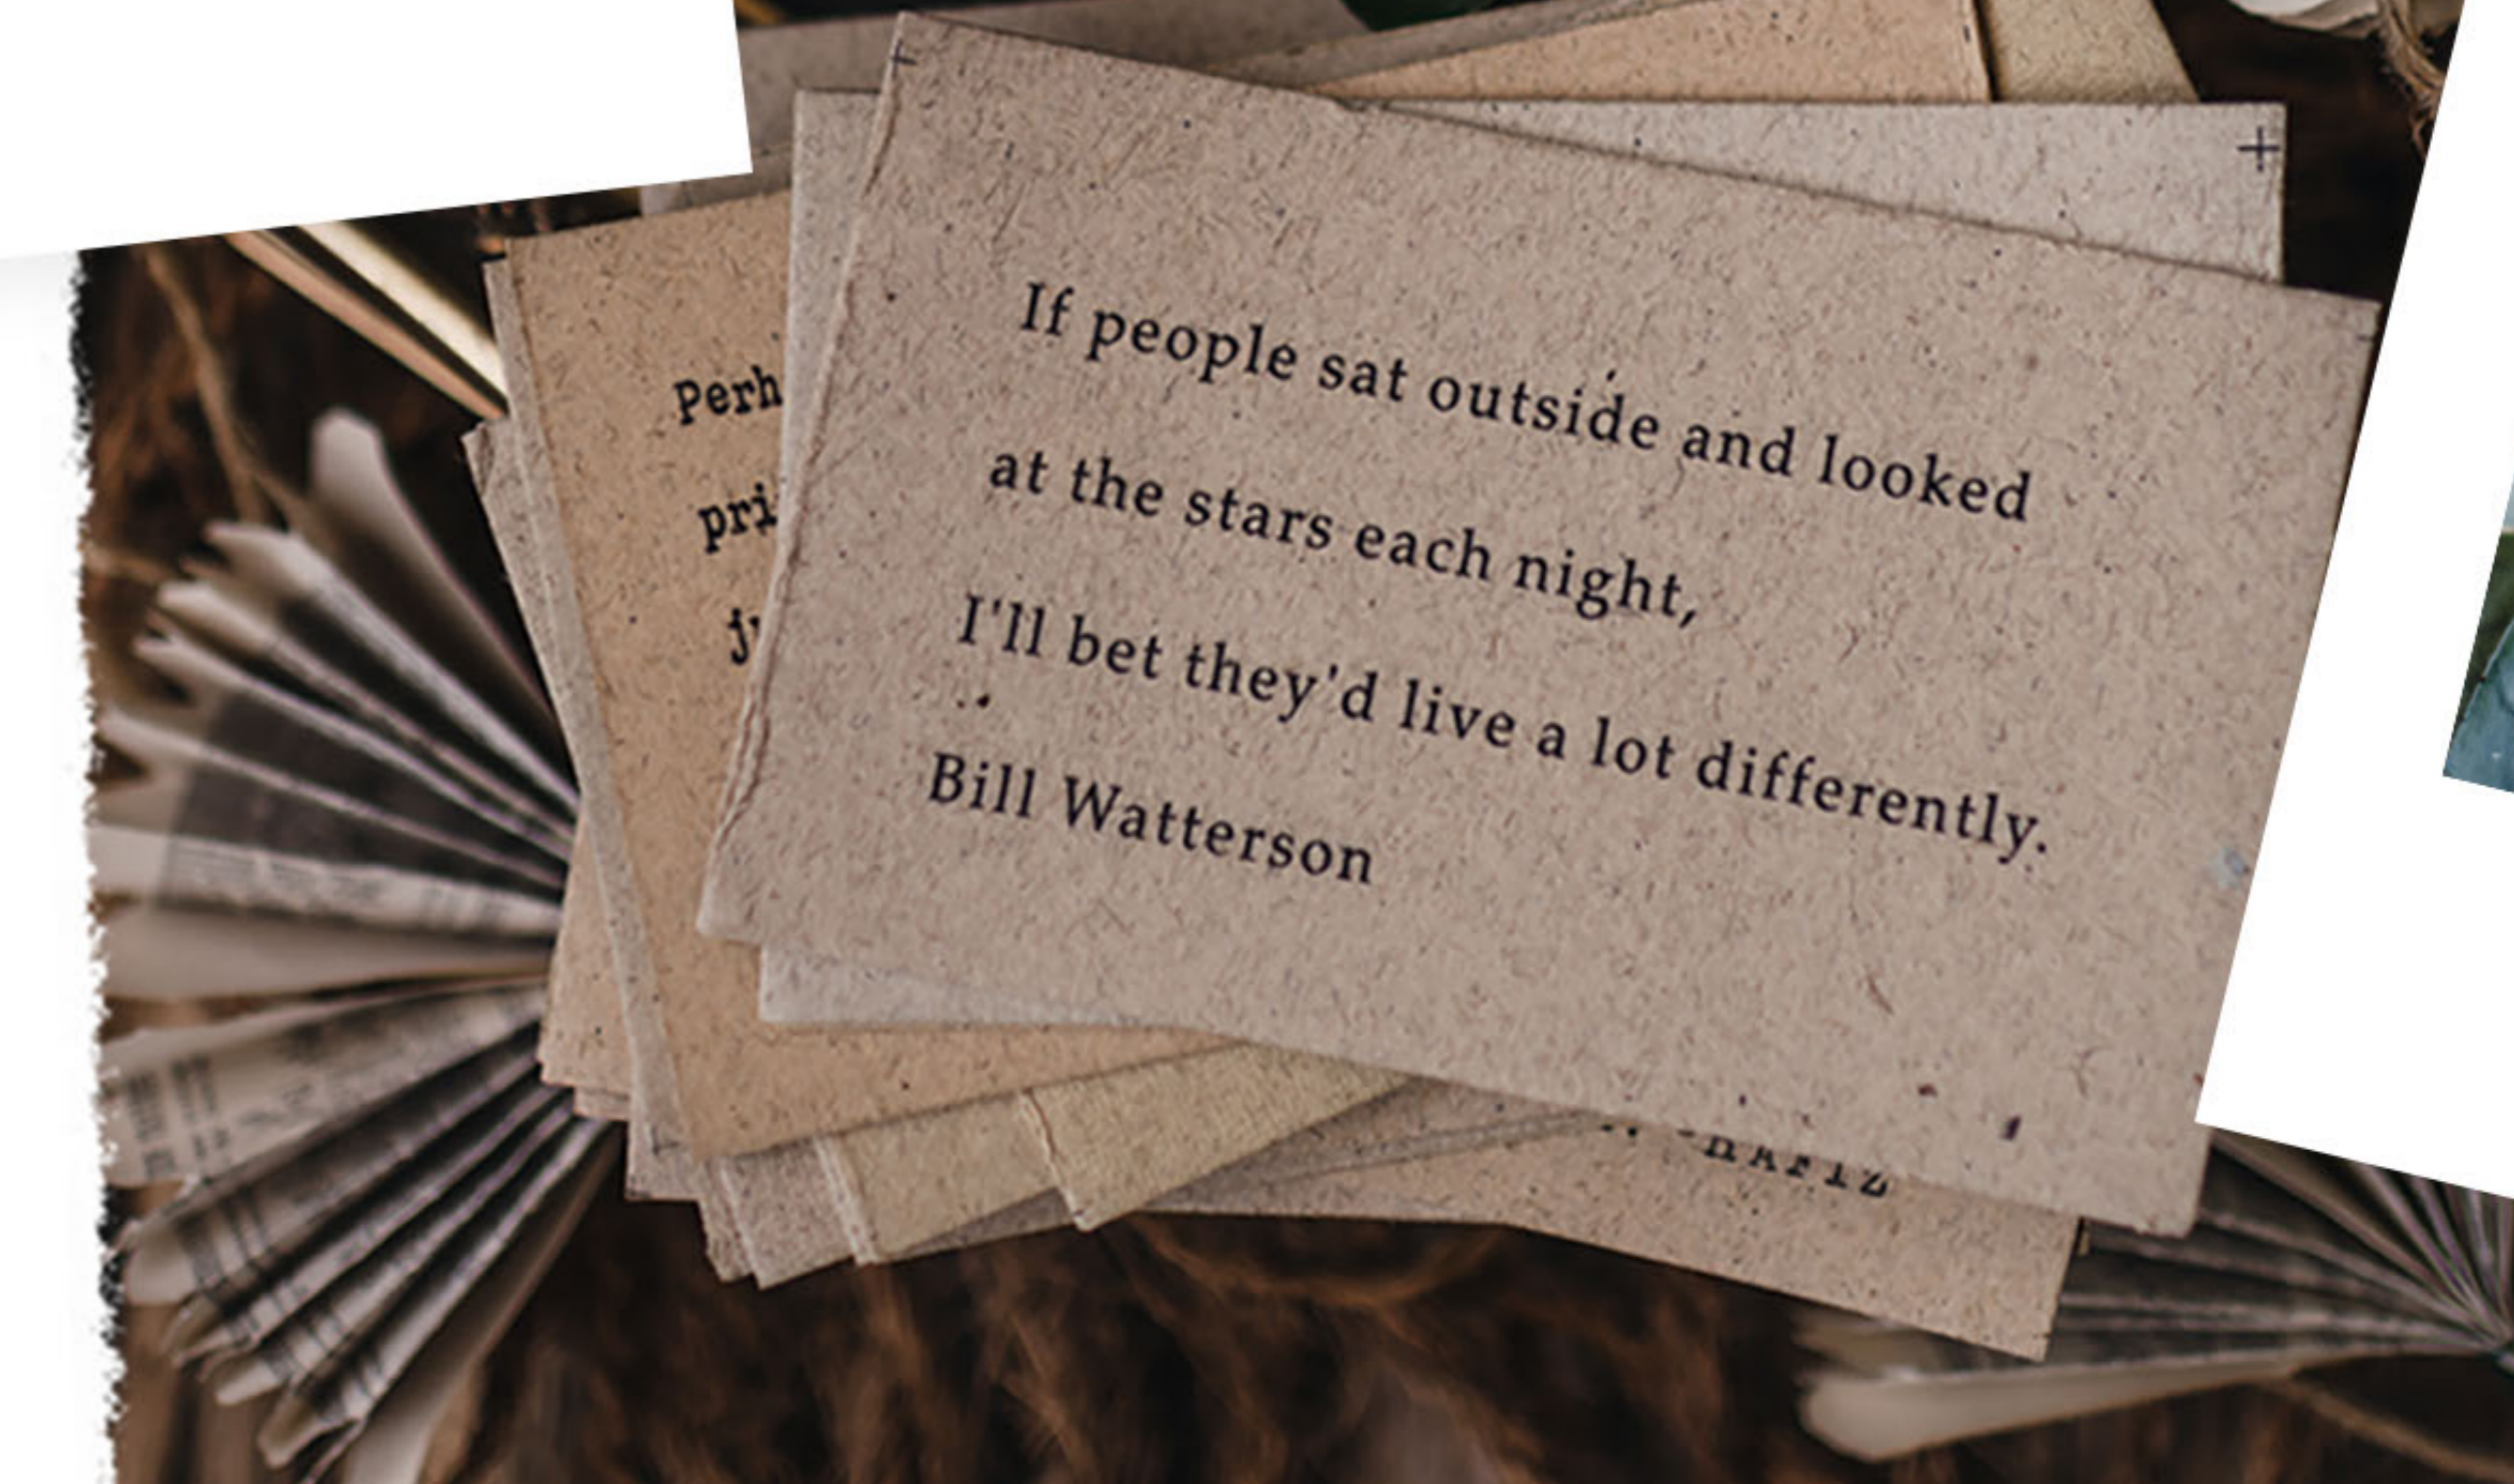

Our base Heirloom Album is a 9x12 full leather wrapped masterpiece. Your wedding will be beautifully captured within 40 hand designed pages protected by copper gilding on the outside.

## PRINTS AND PRODUCTS

We offer the highest quality prints and framing options to become a part of your complete wedding package. You can see more examples with detailed pricing in our Wedding Products Guide and your online custom gallery upon receiving your images.

## EIGHT HOURS

You're hiring us to curate your wedding narrative. In our 1500+ wedding experience, eight hours is the goldilocks time for us to show the beginning, middle, and end of your wedding day story. There's no need to guess coverage for your photography package with us.

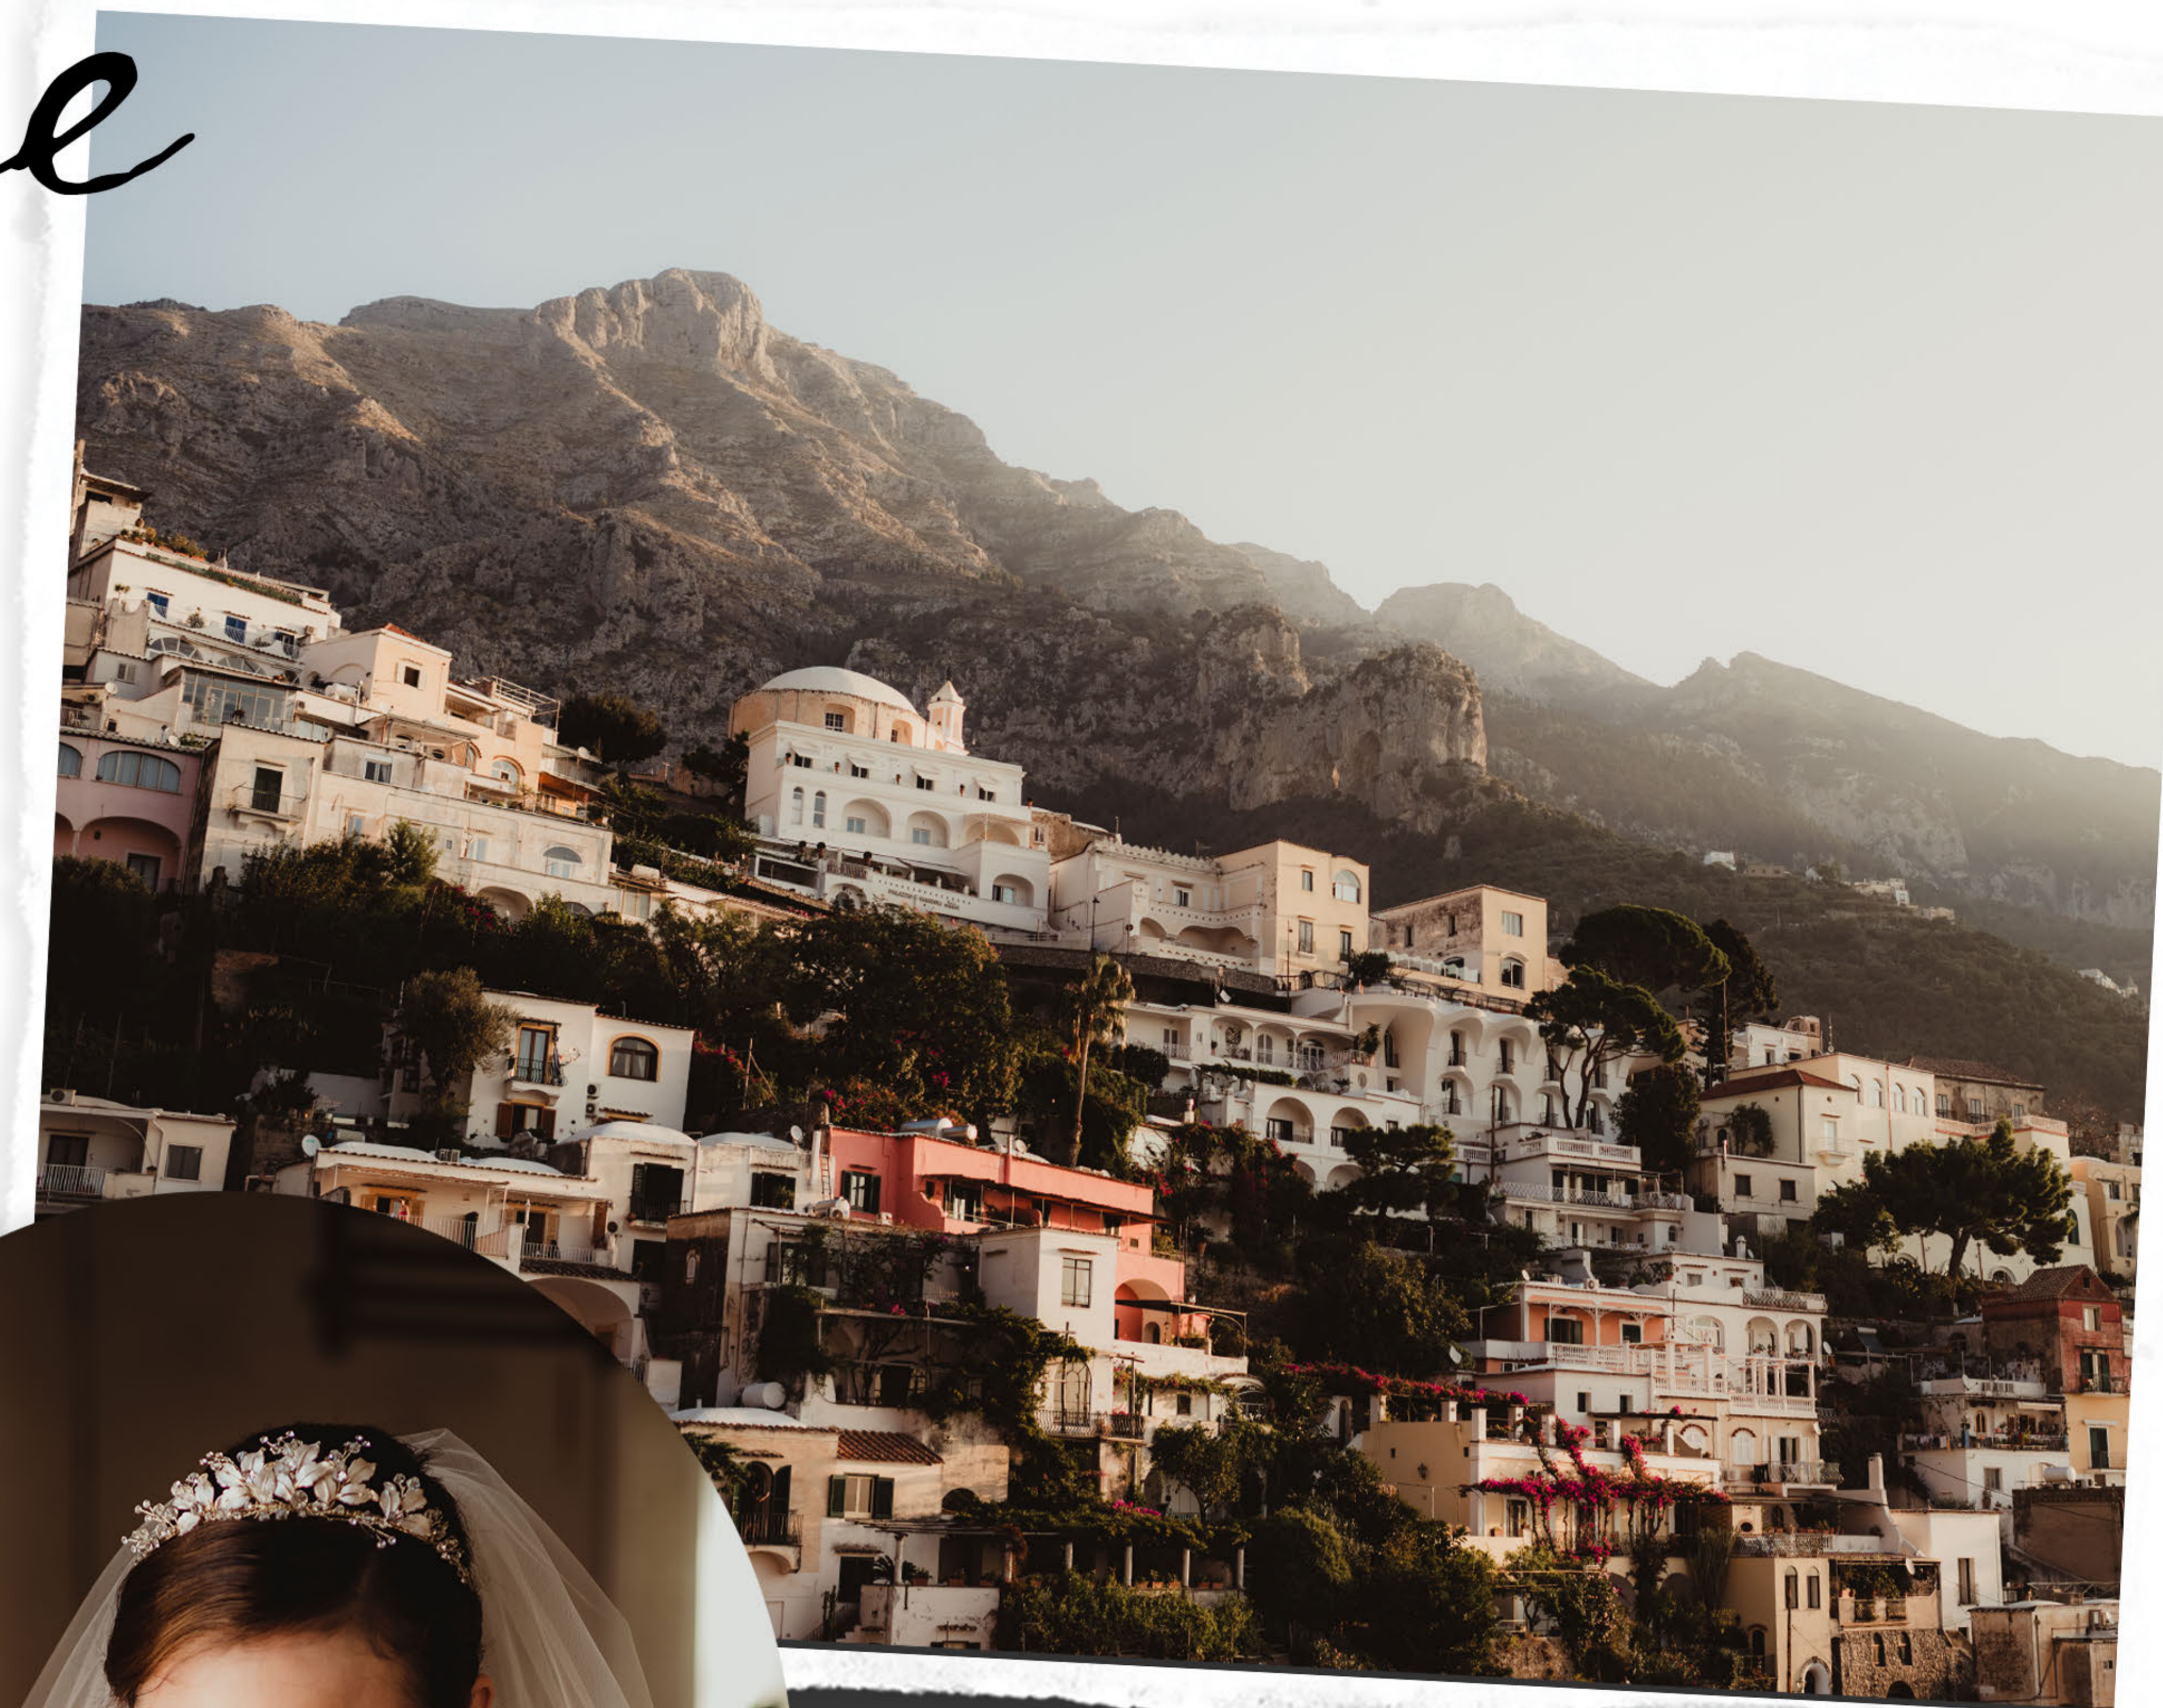

## ENGAGEMENT

It's all about pictures of you, right?  
Nope.

(Well, ok ... yes, there will be pictures.)  
But this is how we get to know you -  
your joys, your quirks, your dislikes,  
your loves...

And it's how you get to know us - our  
eccentricities, our humor, our  
efficiency, and our dedication to you.

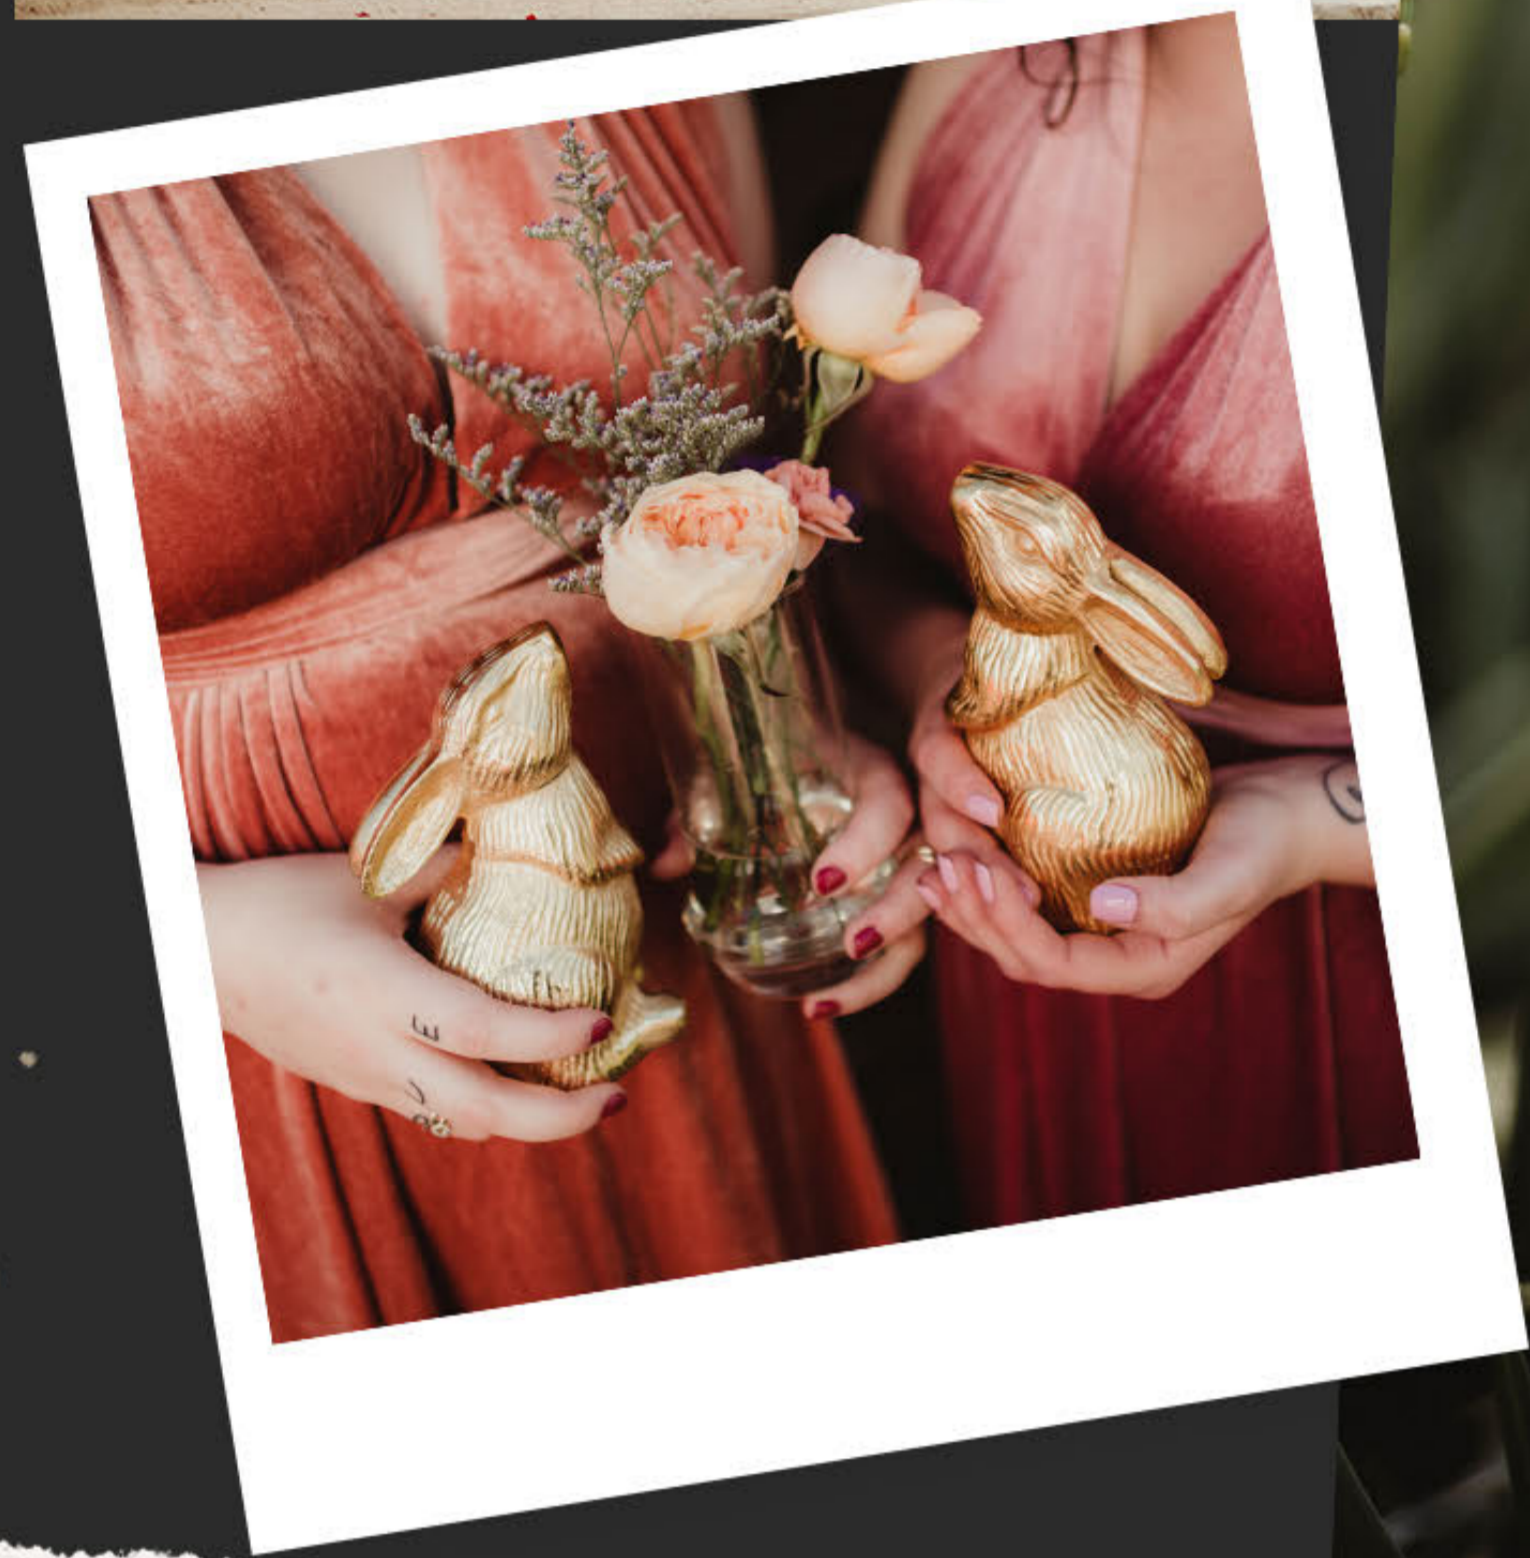

## TRAVELS

It's no secret that we travel constantly. Each year, we photograph clients in dozens of locations across the world. Why? Because we crave pushing our creativity for you. No matter where you are, we'll be there.

## WEATHER

Whatever weather we're given on the day of your wedding is an opportunity to create beautiful photographs. Sun, overcast, rain, snow, wind, monsoon, desert ... we've photographed it all.

## Next Steps

If you love our pictures and our approach to photography, then we'd love to have you as our client! We offer very complete packages that don't require you to guess how long you'll need us at your wedding. Together, we'll build a seamless photography timeline that allows us to curate a beautiful narrative of your wedding.

### RETAINER & CONTRACT

We send a booking proposal and online contract to your email upon request. Sign your contract, confirm your package options, and pay a \$1000 retainer to reserve your date.

### PLANNING

Once you're a booked client, we will send several planning guides to your email to help set up and style your engagement session, structure a timeline, fine-tune details, and so much more!

## THANK YOU!

We hope this guide has given you some understanding of our pricing and approach. But that's only a small part of who we are and what we do. Our paramount priority on your wedding day is to produce the very best product imaginable. Still, we never lose sight of our goal for you to enjoy your wedding with friends and family. We'd love to hear from you to learn about your unique wedding and share our vision with you. Until then, cheers!
